**DEPARTMENT OF RURAL SOCIOLOGY**

Chairman's Office

Mr. Ali Raza Khan  
Chief Executive Officer  
YES Network Pakistan

Subject: Letter of Appreciation

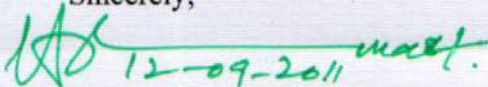

Dear Mr. Ali,

Let me begin by expressing our heartfelt thanks to you and your team for introducing and orienting the Faculty and students of the University of the Agriculture, Faisalabad on the concept of Youth Social Entrepreneurship. We are delighted to inform you that due to your sincere efforts the concept of Youth Entrepreneurship has been included in the curriculum of the University under Population Sciences and Rural Sociology disciplines for the first time in the history of the University. It is also included in the prospectus of the University. We thank YES Network Pakistan from the bottom of our heart for playing a leadership and catalytic role in introducing and institutionalizing the concept of youth entrepreneurship in the University. It will go a long way in preparing and equipping young people for self-employment and bring positive change in the society.

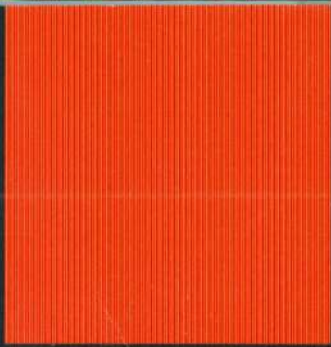

It has been a wonderful experience for us to work with YES Network Pakistan. In a short period of time, YES has created a lot of enthusiasm and momentum for integrating the concept of youth social entrepreneurship in the University. The last seminar on youth social entrepreneurship was an eye opening experience for the faculty members of all the departments. We were all convinced that it is high time for us to develop a new mindset among young people for becoming self-reliant and productive members of the society. We also thank you for establishing a Youth Enterprise Generator in the University. We hope it will help to build an entrepreneurship culture among young people.

We look forward to work with you to build our capacity in this exciting field. We once again thank you for your support and guidance. We hope that you will feel as much proud as we feel on this wonderful accomplishment.

Sincerely,

  
12-09-2011

Dr. Ashfaq Ahmad Maann  
Professor & Chairman Rural Sociology Department,  
University of Agriculture Faisalabad.
